

## Cartooning Sketch #9

Name \_\_\_\_\_

**Drawing cartoon hair:** Texture and tone are important to consider when drawing hair. Dark hair may be filled in while lighter hair should use lines and/or dots to indicate texture. Remember that hair grows around and in back of the head. Spread the hair around more for female hair. Practice many different styles to find the best for your character.

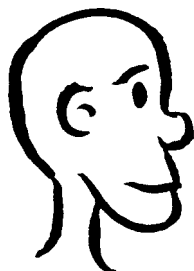

### STEP 1

Select a hair style from the samples above.

### STEP 2

Draw a frontal cartoon head complete with your favorite cartoon facial features. Add your hair selection to complete your head.

### STEP 3

Draw a profile version of your frontal head.

### STEP 4

Add the same style hair as your frontal head. Adjust as needed.

### STEP 5

Borrow a cartoon hair style from an existing cartoon character. Draw another **frontal** cartoon head and add your borrowed hair style. Draw another complete **frontal** cartoon head and add a hair style of your own design. Draw a **profile** version of your new cartoon head.
