

Creating a surreal comic book chain story:

- STEP 1** Pick a student to draw the first comic panel.
- STEP 2** Be sure all art is inked carefully and lettering is legible.
- STEP 3** Student will pass ditto to a classmate so that they may draw the next comic panel.
- STEP 4** Return finished work to your instructor.
- STEP 5** Instructor will cut out the most recent comic panel and affix to a blank *Chain Comic* ditto.
- STEP 6** In turn, the remainder of students will add to the comic book story by creating subsequent comic panels. Do not reveal the complete comic until all students have participated.
- FINAL STEP** Compile all panels in sequence to form one surreal comic book chain story.
